### LEADBETTER REUNION

The 24th annual reunion of the Leadbetter family was held at Crockett's hall, North Haven, Sept. 1, with 60 members present. A bountiful dinner was served, and the meeting was opened by Mrs. Eunice Brown, the president. It was voted that the former officers should serve another year, with the exception of a dinner committee, appointed on which were Mrs. Eva Crabtree, Mrs. Lottie Ames and Mrs. Maud Simmon, who purpose to serve a New England boiled dinner next year.

After business, a social hour was enjoyed with singing, readings, recitations and remarks. A telegram from George W. Leadbetter of Augusta was read; also letters from Cora Beverage and Edith Wilson. From out of town were Vesper Mahoney and daughter of Portland; Mr. and Mrs. Walter Frohock, Fred Nickerson, Mr. and Mrs. Norman Leadbetter of Lincolnville; Mr. and Mrs. Marston Beverage, Roy Beverage and family, Mrs. Charles Tilden of Camden; Isaac Leadbetter of Stockton.

## WHAT! NO ELEVEN?

A Fair Camden Correspondent Waxes Wroth At Football Elimination

Editor of The Courier-Gazette:—

With amazement and regret it is learned that Camden High School will probably have no football team this season. The cause for this decision is said to be twofold, lack of interest on the part of the student body and the expense attached to the gridiron pastime.

A keenly disappointed and somewhat irate alumnus boldly queries "How come?" Camden High School always did have a football team and plenty of spirit to accompany it. There is something radically wrong in a school of its size whose attendants do not possess the typical American sportsmanship and whose boys do not feel the urge to scramble after a pigskin at this time of year. May it be suggested, in all gravity, that particular attention be given to the medical inspection this term? Healthy play is an essential factor in the properly conducted school and while high school scholarship is to be desired, curbing sport is unquestionably an ill-conceived method of promoting it. Such alleged apathy on the part of youth is a startling and serious indictment.

Relative to the expense question, behold Rockport's energy in earning money for its school and quell if you can a disturbing sense of comparative inferiority on the part of Meagunkook town. To be sure, the neighboring community has no football team owing to a small enrollment, but it does send its graduating class to Washington each year. Camden has not performed the latter service since 1910 and now proposes to eliminate the former. To express the subject in its mildest terms, such pronounced inertia is deplorable.

Miss D. Piorer.

## VALIANT SOCCER PLAYERS

Rockland Outplays the Lewiston Celtics By the Score Of Five To One

The Rockland soccer team added another scalp to its belt Saturday when it defeated the Lewiston Celtics 5 to 1 at Community Park. The team lined up in this order.

Rockland—Goal, Benson first half and Dowe second half; rb G. Falk, lb H. Melquist, rfb G. Melquist, chb Oscar Carlsson, lhb B. Peterson, forwards, or W. Borglund, irw N. Thorp, cf J. Roberts, ilw J. Dixon, olw S. Larson.

Lewiston—Goal Leigh, rb J. Campbell, lb D. Wyse, rfb A. Robertson, chb J. Somerville, lhb A. Robertson, forwards, J. Harrison or J. Whitaker Jr., D. Robertson, cf D. Cuthbert Jr., J. Graves.

N. Campbell of Lewiston was referee and Sherret and Underwood were line-men.

Rockland kicked off and played down at the Lewiston goal. Good combined plays by Rockland forwards made things pretty hot for the Lewiston defense. The Rockland attacks proved too much for them and in less than ten minutes Rockland was leading 2 to 0. Rockland was all over their opponents at this stage of the game. Good shots were saved by the Lewiston goal-keeper. The Lewiston fullbacks were finding plenty to do but were keeping their lines clear. They settled down and made numerous runs on the Rockland goal. Falk handled the ball inside the penalty line, and Somerville took the free kick which Benson saved. Rockland was playing great football, pressing down on the Lewiston goal; they made some good tries but were held out. Thorp scored, but was ruled offside. Play at this time was mostly in Lewiston territory but their shots were wide of the mark.

Rockland nearly scored on several occasions. Lewiston was having a look-in now. Benson having to exert himself to save a good shot from Harrison the or.

Rockland was playing a strong defensive game, with nice teamwork by the Rockland forwards. Larson the

ol, crossed nicely and although he is new to the game he played good soccer. Lewiston was awarded another penalty kick when Gus Melquist handled and Somerville scored from the spot kick.

Lewiston was having a little more of the game. Half time score Rockland 1, Lewiston 1.

### The Second Half

Dowe replaced Benson in the Rockland goal. Lewiston was out for goals and they had some good chances to score but they couldn't locate the goal. Their best chances were wild, but they did give Dowe a chance to make some good saves. Rockland held the upper hand, and excitement was high when Thorp scored goal number 3.

Again, Rockland took the game in hand and kept the Lewiston defense busy. After some splendid forward play Roberts scored goal number 4. Lewiston had a run and the 49-year-old Lewiston forward, Cuthbert, had a great shot which was saved by Dowe. Rockland again was playing at the Lewiston goal. Good shots were held by Leigh, but the ever alert Dixon was right on him and when he fumbled a shot from the right wing Dixon scored goal number 5. It was a fast and exciting game, the final score being Rockland 5, Lewiston 1.

In the evening the Rockland Club held a surprise farewell party for Dixon Roberts and Dowe, with the Lewiston team and about 100 other soccer fans as guests. Music for dancing was furnished by Olsen, Bergstrom and Harris, and the Lewiston boys proved themselves noble entertainers. After refreshments John Reed presented Roberts, Dixon and Dowe with small gifts in appreciation of their services to the team. They responded in a very pleasing manner, expressing regret at having to leave. All three hope to be back next summer.

## IT LACKS A NAME

But For the Present It Will Be Known As the Concert Chorus

The group of singers who enjoyed choral work under the skilled baton of H. Wellington Smith of New York in the recent Thomaston concert met for an organization supper at Cushing Friday night, with 60 in attendance. The supper given in the Grange hall was served by the Ladies' Aid and was complimented for its excellence. These officers were elected: Honorary president and director, Mr. Smith; president, K. B. Crie; vice president, W. B. Holder of Cushing; treasurer, Mrs. Lella Smalley of Thomaston; secretary, Miss Dorothy Starrett of Thomaston; librarian, Miss Katherine Keating; finance committee, Miss Alcada Hall, Rev. P. B. Franklin, Hiram Crie. No definite name for the chorus was decided upon. It is to be known for the present as the Concert Chorus. A suggestion for the members is to don their thinking-caps for a distinctive name.

An impromptu program featured songs by Mr. Smith—The Banjo Song by Sidney Homer; On the Steppe by Gretcheninow, Cargo by Dobson, Water Boy arr. by Avery Robinson, Invictus by Huhn and Il Neige. He was accompanied by Mrs. Smith whose beautiful work at the piano and Mr. Smith's fine voice combined to give much joy to their hearers. The fine contralto voices of Mrs. Nettie Bird Frost and Mrs. Lydia Storer were heard, the former in How Beautiful Upon the Mountains by Flexington Harker, That Sweet Story, and Sweet Little Woman of Mine by Floy Bartlett, and the latter in Deep River arr. by William Arms Fisher, On the Shore by Neidlinger, and De Whippo'will, by William Sticks. Mrs. E. F. Berry accompanied.

## GOING TO THE RACES?

If So Here's a Good Chance on Board the Steamship Evangeline

Since the recent announcement by the Eastern Steamship Lines that it will send its liner Evangeline to the waters off Newport in which the American and British yachts will battle for the International trophy large numbers of New Englanders have booked reservations. The Evangeline will leave Boston Sept. 16, 18 and 20 at 8 p. m. and will be back in Boston the days after the races at 8 a. m.

The Evangeline will follow the racers over the entire course and at the close of the contests will steam with them back to Newport. Should any race be postponed before the Evangeline leaves Boston the Eastern Lines will cancel the sailing and refund all money paid for the passage. Should those booked for a trip cancelled desire to sail on the other cruises they will be given preference in the allotment of tickets and rooms. The Eastern has established attractive low rates.

## WHAT SPODUMENE IS

To Think That Bay State Editors Should Be So Much In the Dark

Mining of spodumene has been resumed at Warren, Me., we happen to read, and we appeal to our one reader who knows anything to tell us what on earth, or in earth, spodumene is. Is it Maine spuds?—Lowell Courier-Citizen.

Sometimes called "cuspidor"—Ed. Pointer in the Boston Globe. According to Webster's dictionary, spodumene mineral is defined as monoclinic mineral occurring in prismatic crystals of ten of great size. It is a silicate of aluminum and lithium. The Lowell Courier-Citizen should have known this offhand, and certainly such a reputable paper as the Globe, published in cultured Boston, should not have been found wanting.

# Whether To Laugh or Cry

Is the Predicament Voters Find Themselves In Today—Republicans Carry Knox County But Lose Congressman and Governor—Register Of Deeds Winslow High Line, Closely Followed By Ludwick—One Representative Gained

Representative Moran was not our choice, but he won, and won handsomely, and we know enough of his ability and his intentions to believe that he will go back to Washington with a view to strengthening his position in Congress.

## THE WINNERS YESTERDAY

U. S. SENATOR—FREDERICK HALE of Portland, Republican.  
GOVERNOR—LOUIS J. BRANN of Lewiston, Democrat.  
REPRESENTATIVE TO CONGRESS—EDWARD C. MORAN, JR., of Rockland, Democrat.  
STATE SENATOR—FRED E. BURKETT of Union, Republican.  
REGISTER OF PROBATE—CHARLES L. VEAZIE of Rockport, Republican.  
COUNTY TREASURER—IRVING L. BRAY of Rockland, Republican.  
REGISTER OF DEEDS—ALBERT WINSLOW of Rockland, Republican.  
SHERIFF—C. EARLE LUDWICK of Rockland, Republican.  
COUNTY ATTORNEY—JEROME C. BURROWS of Rockland, Republican.  
COUNTY COMMISSIONER—E. STEWART ORBETON of Rockport, Republican.  
LEGISLATURE—NEIL A. FOGG of Rockland, CLEVELAND SLEEPER, JR., of Rockland, WALTER A. AYER of Union, Republicans; EVERETT N. HOBBS of Hope, Democrat; ALBERT B. ELLIOT of Thomaston, Republican. CHARLES E. WHEELER of St. George, Democrat.

The voters of Knox County, who went to the polls in record numbers yesterday, viewed with mingled emotions the results in Maine, as tabulated in the early hours of this morning. So far as the county is concerned the Republicans have every reason to feel joyful, for every one of their candidates was swept into office, and the Republicans will send four members to the State Legislature instead of the two they now have.

So far as the State is concerned—aye, there's the rub, for with 596 of the 631 precincts reported Brann has 166,992 and Ames has 128,468, a Democratic majority of 38,524. The same precincts re-elect U. S. Senator Hale by a majority of 1008 (He must be an Elk), the vote standing: Hale, 134,793; Dubord, 133,785.

In the First District, Representative Carroll L. Beedy was defeated by nearly 2000. In the Second District Representative Moran was re-elected by nearly 6000, the vote standing: Moran, 51,061; Dwinal 45,107. As was the case two years ago the vote of Androscoggin County turned the scale. In the Third District Representative Utterback has been unseated by ex-Gov. Ralph O. Brewster, who has won by about 2000 majority.

Coming back now to Knox County we find that Hale won by 510, Ames lost by 471, and Moran won by 327. From that point on the sun shines more brightly as reviewed by the Elephant. Every Republican candidate on the county ticket had a substantial majority, culminating with Register of Deeds Albert Winslow, who goes into a third term with the voters' splendid endorsement—a majority of 1177. And another candidate who has every right to receive congratulations is C. Earle Ludwick who received the largest vote of any candidate on either ticket, and who had a majority of 1016 in spite of the fact that he was pitted against one of the shrewdest politicians in the State, and a man to whom defeat is foreign. Ludwick's canvass was greatly aided by the very general belief that he should have been appointed as Sheriff Harding's successor.

## APPLETON

Both parties increased their vote in this town, over two years ago, the Democrats making a net gain of five. Ames had 14 majority, but Senator Hale carried the town by 25. Register of Deeds Winslow had a majority of 38, closely followed by Ludwick who had 36. Representative Hobbs polled a good vote here but was nosed out by his opponent, Anderson, who had five majority.

## CAMDEN

The Democrats waged their strongest battle here, Brann having a ma-

jority of 278, although Senator Hale was only 45 behind Dubord. Congressmen Moran led Dwinal by 109. Camden was sympathetic with most of the Republican county candidates, however, and the result was especially gratifying to Ludwick, who, after losing the town primaries, carried it yesterday by a majority of 105. Other Republicans given a majority here were Winslow, County Attorney Burrows and Stewart Orbeton. Representative Hobbs and Alvah L. Anderson waged a pretty battle for the Legislative seat from the Camden. Appleton and Hope class, Hobbs hav-

ing just two majority in his opponent's town. The feature of the vote here, however, was the victory of Alexander candidate for County treasurer. Always popular in his own bailiwick he yesterday saw 944 mark a square opposite his name, as against 639 for County Treasurer Bray.

## CUSHING

This little town, usually Democratic gave Hale a majority of seven, and Ames lost by only two votes. Winslow was high Republican, while Sheriff Richardson ran sufficiently ahead of his ticket to have 20 majority over Ludwick.

## FRIENDSHIP

The fine showing made by the Republicans in this Democratic stronghold was especially gratifying to the G.O.P. Two years ago the town gave Brann 71, majority and yesterday it was reduced to 31, Senator Hale losing by only four votes. County Attorney Burrows trailed by only five votes. Here also Sheriff Richardson made a fine showing, leading Ludwick by 48.

## HOPE

The Republicans made a small net gain in carrying this town. Henry Payson, candidate for register of probate was the only Democratic winner on the county ticket, his former townsmen giving him a majority of 14. Ludwick was high on the Republican side, leading Richardson by 37. The town as usual stood loyally by Representative Hobbs.

## MATINICUS

The Republican plantation stood by its guns, the only Democrat receiving a majority there being Sheriff Richardson.

## NORTH HAVEN

This rockribbed Republican town cast a much larger vote than two years ago, the parties making about an equal gain. County Attorney Burrows was high line, on the county ticket with a majority of 110. Leslie B. Dyer candidate for representative made a splendid showing, with a majority of 120.

## OWL'S HEAD

Senator Hale carried the town by 17, but Gov. Brann's lead over Ames was eight. The voters showed a marked preference for Ludwick who was high man on the ticket with a majority of 51. County Treasurer Bray was also given fine endorsement here.

## ROCKLAND

Democratic expectations of carrying the city by 400 or 500 were stepped upon in spite of the considerable majorities given that party in the two southern wards. Brann was a winner by 245, but off-setting this to some extent was the fact that Senator Hale carried the city by 162. Congressman Moran's home city gave him 285 majority. From that point on all of the Republican ticket was successful, Winslow heading the list with a majority of 513. County Treasurer Bray headed his opponent by 493. High man on the Democratic county ticket was Henry Payson, candidate for register of probate, who trailed Register Veazie by only 27 votes. Harold Coombs, candidate for county commissioner was second high Democrat, being outnumbered only 72 votes. The prediction, freely made, that Sheriff Richardson would carry Rockland was not realized, as Ludwick led him by 343 votes. One of the real features of the election in Rockland was the representative contest. Representative Fogg was re-elected substantially, but young "Bob" McCarty made an amazingly good run, and was defeated by only 55 votes. At one time he was thought to have been elected.

## ROCKPORT

This was the last town to be heard from but the Republican county candidates were well rewarded when they heard the news. The only Democrats to win out in that town were Gov. Brann, and Herbert E. Messer, the Democratic candidate for repre-

Twilight and evening bell,

And may there be no sadness of farewell,

### IN THE PUBLIC LIBRARY

C. WINNIFRED COUGHLIN, Librarian  
Every week-day: 9 a. m. to 8:30 p. m.

"After all the better part of a man's education is that which he gives himself, and it is for this that a good library offers the opportunity and means. All you need is an inclination to read, ability and some guidance in reading."—James Russell Lowell.

School again! So closely is the library allied with local schools it is affected very vitally by school holidays. What part does the library play in your plans for the winter? Let us help you in finding that extra bit of information which makes your studies more interesting. The library needs your co-operation to better its service. The library extends a welcome to all new comers and to all those not yet familiar with their library.

Many new books have been received varied enough in subject to meet the tastes of everyone.

Read and praised everywhere is Stark Young's "So Red the Rose." A novel of the Deep South in the Civil War. "A novel which no American who wishes to know his country's past can afford to let go unread."

In the "Chance of a Lifetime" Walter Pitkin offers a program for the "lost generation" of America. Mr. Pitkin's "lost generation" consists of the young men and women of today, those in their twenties and thirties whose lives have been twisted and maimed on the economic front of the past five years.

The deified Claudius, by all accounts the oldest of Roman Emperors lives again through the most lurid pages of Roman history. "I Claudius" by Robert Graves is classed as one of the really remarkable books of our day.

The first book of its kind, "Our Movie Made Children" shows the effects—both good and bad—of random movie-going upon the health, conduct, and morals of the spectators, especially the young. This popular summary was collected by a group of investigators working under the direction of the Motion Picture Research Council. This book will appeal to every parent and teacher.

A less recent but highly recommended book is "The Testament of Youth." This intimate record giving an autobiographical study of an English girl's life from 1900 to 1925 shows what the War and the years immediately following meant to the men and women of her generation.

Only three or four dancers in history are thanked with Nijinsky. We should be thankful that his wife has put on record her account of his life and in so doing has written a deeply moving story of a dramatic human relationship. Since 1919 Nijinsky has lived in a Swiss sanatorium for the insane.

Other additions ready for circulation are: "Growing Up With the Grapes," Elizabeth Corbett; "Captain Nicholas" Hugh Walpole; "Days Without End" Eugene O'Neill; "Robber Barons" Mathew Josephson; "How to Develop Your Personality" Clare Major; "Some Turns of Thought in Modern Philosophy" George Santayana; "Molders of the American Mind" Norman Woeifel; "Time to Live; adventures in the use of leisure" Gove Hambridge; "Meaning of Right and Wrong" Richard Cabot.

Out of the 11 "best sellers" in fiction sales throughout the country for July and August the library can boast of eight. They are: So Red the Rose, Lamb in His Bosom, Anthony Adverse, Crooked Lane, I Claudius, Years Are So Long, Rivers Glide On, Road to Nowhere. Have you read them?

sentative to Legislature. And hats off to Charlie Veazie, whose fellow townsmen gave him a majority of 221.

### SOUTH THOMASTON

This town was Democratic as usual, but showed a considerable Republican gain. Ludwick found special cause for gratification as he was but 12 votes behind Sheriff Richardson. Eugene Harrington, Democratic candidate for representative has every reason to feel pleased with the heavy vote they gave him.

### ST. GEORGE

This town was one of the few really bright spots, as viewed by the Democrats who carried it for governor by 93 and who had varying majorities for every candidate on the ticket. It incidentally saved the scalp of Charles E. Wheeler, candidate for representative, who ran 214 ahead of his ticket—a very handsome home town tribute.

What did I tell you?

### THOMASTON

Senator Hale carried this town by 39 but Gov. Brann had a lead of 57. Moran nipped out Dwinal by 24. The other Republican candidates on the county ticket were all successful. Winslow having the largest majority. The largest vote for any candidate went to Albert Elliot, candidate for representative who had a majority of 185, making his election possible.

### UNION

Very heartening to the Republicans was the vote of this town with G.O.P. majorities ranging as high as 207, the figure given in behalf of Stewart Orbeton. There was a battle royal for representative to Legislature. Herbert E. Messer made a strong showing, as expected, but still falling short by 62 votes of Walter A. Ayer, who won in this class.

Headed back to the Capitol

### VINALHAVEN

A very heavy vote was cast, and curiously enough the increase was in almost exact proportion for the two parties. Gov. Brann's majority was 47, while Representative Moran led by 70. The town's reputation for standing by its favorite sons was seen in the fact that Smith, candidate for State senator ran far ahead of his ticket, as did Dyer, the Republican candidate for representative.

### WARREN

The Republicans made a splendid fight here increasing their vote for governor by 88 while the Democrats cast only one more vote than they did two years ago. Ames' majority was 145 while Senator Hale had 168 majority. Ludwick received the largest vote cast in this town, but Winslow had a slightly larger majority—189.

### WASHINGTON

The Republicans lost ground so far as the head of the ticket was concerned, but made it up by giving most of the Republican county candidates a margin. Ludwick was high man, defeating his opponent 36 votes as against a Republican defeat of 41 for governor.

The Portland papers have been intimating that Frank W. Sandford and son John are back at Shiloh and that the Holy Ghost and US Society is to have a revival. The senior Mr. Sandford dropped out of sight after his release from the Federal Prison at Alcatraz, and the public has been left in ignorance as to whether he was alive or dead. The writer of this item, who was intimately acquainted with Frank W. Sandford and his family, was given to understand that a year ago the son John was at Shiloh with the remnants of the flock.

The industrial department of the Maine Seacoast Mission is the producer of a unique hooked rug. It is made all by hand, with a home made hook, and in permanent colors. In design and texture it is the worthy successor of those wonderful rugs made in pioneer homes when our country was young. Rich florals have been reproduced as well as geometrics. Original landscapes, primitive and stiff, feature the funny little animals of the farm. Seascapes, with little fish, flying sails and wild duck on a background of Frenchman's Bay and the Bar Harbor hills are new and precious. The industry is not a commercial venture, but is a part of the Mission's relief work.

Y., writes to The Courier-Gazette: "I miss Rockland as do the other members of my family. It is nice here on the island, however. I have been assigned to a 16-inch battery and expect to hold target practice about Oct. 9. The jump from 155 m. of Rockland to the 16-inch is a real step. As an example the shot of the 155 weighs 95 pounds, that of the 16-inch 2400 pounds."

Forty-four men will be accepted for enlistment in the United States Navy from the Boston District of which Maine is a part, during the months of September and October. Since the reopening of the Navy Recruiting Station in Portland, 240 men have applied for enlistment in the Navy and that number only seven have been accepted for enlistment, which is indicative of the rigid examinations that applicants must undergo. The Navy Recruiting Station for Maine is located in the Federal Court House annex in Portland.

Representatives from nearly every camp and auxiliary of Spanish War Veterans at the State attended Sunday's get-together at the home of Milton S. Dick, Waldo avenue. The Department Auxiliary, which was in session from 3 to 6, was addressed by Col. Malcolm Stoddard, and Commander Libby. Asters and carnations in appropriate colors were furnished by Charles Wade, the Waldo avenue florist, for the table decorations. Milton Dick and Herbert W. Thorn-dike were chefs, aided by Walter E. Weeks and Horace Vose, with the result that the Spanish War folks sat down to a most appetizing repast. It takes more than a northeasterner to caunt the men and women who are doing honor to those who fought this nation's cause during the Spanish War.

## The SNAPSHOT GUILD

School Ahead! Pictures, Too!

Excitement is part of the picture at any football game. It's easily worth the missing of one play to get an over-the-shoulder shot like this!

ABOUT this time of year, school is in everybody's mind; not only students and teachers, but parents, aunts, and uncles.

And if there ever was a snapshotter's paradise, it's school. It may be a one-room school or it may be a great university. Wherever, whatever it may be, it's crammed with unbeatable picture possibilities.

Yet we might as well face the silly fact of the matter—few snapshotters make the most of school's snapshotting opportunities.

Perhaps they are dazzled by the very wealth of the material at hand. More likely, they assume that somebody else is going to take the pictures. And that's a fatal mistake. For nobody else can see things as you see them. And it's what you see that means most to you—and to the folks at home, now or years from now.

The question, then, is how to make the most of school's picture possibilities. A little planning will do the trick.

First, about the right camera for school. Any camera will do, providing it is clean and in good order and uses a size of film that is easily available anywhere. If you have a fast lens and a fast shutter, you'll have an advantage in taking shots at sporting events, but such a camera is not at all essential. With a little care you can make even the simplest box camera turn out entirely satisfactory pictures.

Then, how can snapshotting be planned? All of it, of course, cannot be planned, but many of the most important shots can be. Why not work out a scenario, Hollywood fashion?

JOHN VAN GUILDER

## Beauty Writer Tells Older Woman How She Can Look 10 to 15 Years Younger

Mature women of 35 and older lose 50 per cent of their good looks possibilities because they are ignorant of eye make-up. Joan Preston, noted beauty authority, advises them to touch up their lashes, brows and eyelids with maybelline mascara, pencil and eye shadow. The photographs show a woman of 42 before and after applying eye cosmetics.

By JOAN PRESTON

SO much is being written these days about how our younger women may beautify themselves that one might think the older women from the middle thirties to the late fifties have ceased to exist. Well, they do exist! They are as great if not greater in number than the group the beauty writers usually write about, and so this article is for the older woman.

Mature women are no longer on the shelf, as they were in grandma's day! Realizing this, most women do their utmost to retain their youthful appearance. They have learned how to defeat "spare tires" and dowager humps by exercise, they are experts in wedding powder puff and lipstick and their clothes are smart and intriguing.

But there is one beauty art in which they are deplorably ignorant. They don't know how to make up their eyes. And as a result nearly every mature woman loses fifty per cent of her good looks possibilities! Her lashes are no longer the lustrous, curling fringe they were in her teens because she has neglected them and the years have taken their toll unimpeded. The lashes are

spare, dry and greasy looking, doing absolutely nothing to enhance the appearance of her eyes, as all good lashes are supposed to do.

Well, the first step is to get a box of maybelline mascara, and you can secure the tear-proof, non-smudging kind in brown, black and blue.

Just brush a light coating on your upper lashes—none on the lower ones, please. If you brush upward it will give your lashes a lovely upward tilt that makes your eyes look larger and younger. Before the mascara dries, go over the lashes with a clean brush to remove any lumps or beads and to separate the individual hairs. Then, blend a tiny bit of cream or inconspicuous color of eyeshadow lightly on the upper lid, and behold! you have removed fifteen years from your age!

In addition to this make-up, you must learn to care for your lashes daily to keep them soft and silky and to promote their growth. Every night on retiring, remove all mascara thoroughly and then apply a good cream lash grower generously at the base of the lashes! It will nourish them and at the same time soften the thin, delicate skin on the eyelids, which is so apt to get dry and wrinkled looking after 35.

## OUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND  
Director, Physical and Mental Education,  
New Jersey State Department of Public Instruction

The football season is worry time for most parents. Perhaps most of our fears are groundless, particularly in the case of the senior high school boy. But for the younger boy in the grades and junior high school, football becomes a hazard.

Most leaders in athletics and physical education believe that the boy should not play the real game until he is in the senior school. And then only when he is in the best condition as shown by a physician's examination. Every candidate for any school athletic team should be thoroughly examined before being allowed to join the squad.

As a part of the examination some schools are demanding a tuberculin test and an X-ray of the chest. This practice will become general in time for all students. To the parent of a player, the football season is the ideal time to put the health rules into practice. At this time, the boy will do anything under the guise of training.

The coach and the trainer have a real educational opportunity. Let football be the vehicle for valuable lessons in nutrition, the correct diet, the value of milk, sleep, bathing, and the like. The boy will feel the good effects, so utilize his interest in an effort to have him carry over the health practices when the season is ended.

Dr. Ireland will discuss food essentials for the school child in his next series.

ing. Each woman attending is urged to take garments on which she wishes to work.

Mrs. Florence Calderwood of Burketville is to give a radio talk next Thursday from station WLBZ at 12 noon, daylight time. She is going to tell about the "Improvement Made in Her Kitchen." Mrs. Calderwood received second prize in the State kitchen contest this year.

Mr. and Mrs. E. N. Hobbs of Hope and Mr. and Mrs. W. F. Hatch of Washington, called at Mrs. Florence Calderwood's, Burketville, Saturday afternoon to see her prize kitchen.

Jellies and marmalades is a subject that several communities are having meetings on next week. The leaders of these meetings are: Ralph Brown and E. N. Hobbs are looking very well, some half injury but not serious. A demonstration was given at the Coe orchard on the new arrangement for mice control. #### PARK THEATRE

When Irvin Cobb's daughter, Elisabeth, skyrocketed to literary fame with her novel, "She Was a Lady," she precipitated a justifiable veneration for the studios for the motion picture rights to her widely-discussed work. And that film, carrying a challenge to fling into the teeth of its contemporaries, comes Wednesday and Thursday.

With the generosity of a Lady Bountiful, "She Was a Lady" presents Helen Twelvethrees with an armful of opportunities. And little Miss Twelvethrees makes the most of them; for she rises to new dramatic heights in her absorbing interpretation of the heroine of Irvin Cobb's novel. Over many byways "She Was a Lady" travels to attain her goal, but the effect is well worth the effort. Sharing the acting honors with Miss Twelvethrees is Donald Woods. Together they handle the love scenes with masterly adroitness, imbuing them with tenderness—but no false sentimentality or straining for effect.—adv.

"HERE'S HOW WE GROW RUBBER" FIRESTONE TELLS DAWES

Pointing to one of the rubber trees which has been transported from his famous Liberian plantations, Harvey S. Firestone, pioneer rubber manufacturer, explains the process of gathering rubber to Rufus G. Dawes, president of the World's Fair.

Tinged with the romance and mystery of the Dark Continent, this reproduction of the Firestone plantations in Liberia is one of the most interesting features of the enlarged Firestone Factory and Exhibition Building at the 1934 World's Fair. Life-like native figures depict the steps in gathering rubber in a setting of jungle life, its isolation disturbed only by wild bird calls and native chants.

When Mr. Firestone established the Liberian plantations in 1926, the existing restrictions on rubber had cost American motorists millions of dollars. Today, when foreign restriction is forcing the prices of rubber up, Mr. Firestone has a large and thriving rubber plantation in a country entirely free from foreign domination. He told Mr. Dawes that already he has seven million trees under cultivation and that tapping operations have been started on the earlier planted sections.

The huge plantations development is typical of the vision and foresight of Mr. Firestone who has built his business success upon far-sighted anticipation of the future.

**WASHINGTON**  
Progressive Grange Workers  
Evening Star Grange is an example of what vision and faith can do. A year ago one member had a vision of the betterment of the culinary department and dining room. The other members approved and assisted and the consequence is an enlarged and commodious dining room, also an improved kitchen for the furnace was taken from mthar room and placed in the dining room, thus giving needed space in the former room for warmth in the latter. New cupboards were added, and as every one helped, the expense was small. True, the Grange was in arrears on bills, but the improvements proved an incentive to work, and now all old bills are paid and there remains but one interest bearing note, not yet due.

A moving picture will be presented Sept. 17 from the State Fish and Game Department and a fair in October, the proceeds from which will probably meet every obligation.

## THE REALM OF MUSIC

Gladys St. Clair Morgan

A letter written to a Rockland friend by Mrs. Sarah Hall Herrick, from Oxford, England, reads: "I mailed to you a copy of the program of the great Welsh music festival, the Eisteddfod, which Carl and I had the great pleasure to attend on Monday. That evening concert was wonderful, the bass soloist among the finest we had heard. We were there for most of the day."

The concert mentioned by Mrs. Herrick is programmed: Cyngard Nos Lur, Awst 6, 1934. Cyngard Amrydd (Miscellaneous Concert). The Massed Brass Bands (96 instrumentalists), conductor: Herbert Bennett. Cory Workmen's, conductor, J. G. Dobbing. Melligriffith, conductor, T. J. Powell. Ystafiera Public, conductor, T. E. Jones. Ystafiera Town, conductor, E. J. Evans. Artists: Conchita Supervia and Roderick Lloyd. Accompanists: Ivor Newton and Idris Griffiths. Drysau'n agored am 6:30 o'clock (Doors open at 6:30 p. m.) The Massed bands played Grand March from Tannhauser. Overture "Barber of Seville." Welsh Fantasia "Llewellyn." Tone Poem "Coriolanus." Elgar's "Pomp and Circumstance" and Handel's "Largo." Mr. Lloyd sang Schubert's "The Wanderer" and "Erl King" and Supervia's numbers were two Rossini arias and a group of Spanish songs. Mr. Lloyd evidently was the bass soloist whom Mr. and Mrs. Herrick enjoyed so much.

The program of 300 pages is rather an ambitious affair, containing names of royal patrons, officers, adjudicators, artists, maps, ground facilities, prices of admission, detailed programs for each day (Monday to Saturday inclusive), various contests—arts and crafts, concerts, dramas, choirs; the meetings of societies, list of subscribers, and so on. Glancing through familiar names pop out—such as Smith, Thomas, Jones, Morgan, Lindsay, Lewis, Williams, Owen, Evans, Davies, Jenkins, Hughes, Hall, James, with Williams, Thomas and Jones high liners for repetition. I notice "Gladys" appearing many times, which I suppose is the Welsh for my own name.

It doesn't seem humanly possible anyone could ever learn to speak or write—Welsh! Here is a sentence—make a try!

"Unawd i undhwy offeryn gwyt cychodol pren neu gorn." Translated this means: "So for any orchestral woodwind instrument, or horn"

A heartening letter from Adelbert Wells Sprague of Bangor, Maine's outstanding figure in music, reads: "I was glad to hear of Rockland's summer choral activity, and I also read that Mr. Rumsey presented his choral society in a Bar Harbor concert recently. All these are encouraging to know that the economic enticement isn't clipping the wings of musical efforts. It is my plan to give a concert this fall. It takes some courage to present a first magnitude attraction, as small admissions prices have to prevail these times. Last year we lost everything in the Ben Cosacks and Strawbridge-Koner presentation, but the glory of the show was worth it. I will let you know when plans have developed and give you the titles of the choral program."

"Mrs. Sprague and I have had a veritable musical feast this summer. We attended for nearly a month the symphony concerts at the Century of Progress Exposition, Chicago, of which there were four daily. Such an offering has never been given the public in the history of the art before. Many notable conductors appeared as guests during the summer. We returned via the Thousand Islands, stopping at the marvelous Saguenay River trip. All of which furnishes inspiration for the season's musical and educational activities."

Mr. Sprague a while back had quite a bit to say about dancers—this was after Strawbridge and Koner had appeared in Bangor. He said that he feels the Maine public has not yet been educated to fully appreciate the art of dancing, and went on to outline some of his dreams in bringing famous dancers to Bangor; possibly to present a group of dancers in symphonies. It sounded fascinating. I recall one of his statements was: "I believe that the dance is coming rapidly to the front in musical interpretation, and that in the coming

## GUARDIANS OF OUR COAST

What our lightkeepers and coast guardsmen are doing to protect coastwise shipping by day and by night. The day's news from many lonely outposts along Maine's waterfront.

### Matinicus Rock

Keeper Powers turned his Plymouth car in for a 1934 Dodge and we think it is a peach.

Mrs. Keene sends her best wishes to Mrs. Sterling of Portland Head also Mrs. Elliot of Cape Elizabeth.

Mackerel are not so plentiful this year around here.

Mrs. Ball is going ashore to take her little niece for school, and Miss Rachel Robinson leaves for Matinicus Island to start school this week. Then there will be only seven left on our station for the winter, and hope we will have a little milder weather than last. Well as it is thick fog and near time to go on watch, I will close with best regards to all.

Back on duty after a three weeks' vacation. Visited Boston, Worcester, Providence then back to Portland, Manset and Waterville. Enjoyed the trip up through the other States but found more beauty in our dear old Maine. Visited Portland Head and Cape Elizabeth. While at Manset, had our house shingled and other work done which took up a week of our time. The old saying, work before pleasure.

### Head Of National W. C. T. U. Believes Country Will Again Have Prohibition

The return of national prohibition within the present decade is regarded as not unlikely by Mrs. Ida Wise Smith, president of the national W.C.T.U. who was in this city Saturday and Sunday.

"But it would be a foolish person who would undertake to prophesy how this can be brought about," Mrs. Smith said. "This is a changing world. Home conditions are different, amusements are commercialized, and there is no way at this time to fairly gauge public wishes."

Mrs. Smith declined to make any prophecy as to the outcome of the repeal campaign in this State, because she had not been sufficiently in contact with the people.

"I do not know," she said, "that it will be just as bad to stay at home as it is to vote for repeal. If the State goes wet it will be the non-voters who are responsible."

"I am public enemy No. 1, according to the brewers, who registered a protest against the W.C.T.U. exhibit at the Century of Progress."

The Courier-Gazette reporter found the national W.C.T.U. president at the beautiful home of Mr. and Mrs. E. M. Lawrence, Beech street, where she was a guest during her brief Rockland visit.

Speaking of the prohibition issue, which, of course, was the uppermost topic of the interview, Mrs. Smith said:

"Our American people ought to know where their moral and financial interests lie. Joseph Choate, Jr., who was sent to investigate the repeal of the 18th amendment, told the people of the United States are living in a fools' paradise where

more illegal liquor was being sold than legal liquor, five months after repeal. Mrs. John Shepherd, who was appointed to the New York Board of Liquor Control says that conditions in the United States are bewildering; that old abuses are coming back with incredible speed."

Senator David I. Walsh said he did not vote that conditions should be worse than under prohibition, and that if conditions cannot be met we had better move toward prohibition. I have heard several Congressmen say: "If the conditions now obtaining mean repeal, give me back prohibition."

Mrs. Smith was considerably incensed that North Dakota voters should be seeking another referendum after the overwhelming majority against them last June. "They do not seem to be willing to abide by the majority," she said.

"What attitude will your organization now adopt toward the liquor traffic?" Mrs. Smith was asked.

"We will maintain our stand for the abolition of the liquor traffic. We are one group that never compromise, and never before have we had so much justification for our attitude as now."

Mrs. Smith told of the new publication called "Alcoholic Education," now in its 600,000th print, and which will be recommended as the special emphasis of our work in having the harmful effects of alcoholism taught in the schools.

Mrs. Smith, whose home is in Des Moines, Iowa, has but recently returned from World's W. C. T. U. convention in Stockholm, after which she attended the International Congress on Alcoholism.
